RICHLANDLIBRARY.COM

Join us this summer as we create pieces of art for the new Richland Library Ballentine!

Show and Tell Your Memories – *Aurora of Memories*

Share your favorite memories with us and have them immortalized in Art! Artist Ayako Miller is creating a textile sculpture called *Aurora of Memories* for the new Richland Library Ballentine. She needs your memories – photos, quotes, favorite book covers, short messages – to incorporate into the sculpture. Bring your “memories” to share at these Show and Tell events and have them brought back to life in the new library. If you cannot attend a workshop, send your memory as a high-resolution photo to BallentineArt@richlandlibrary.com

Create for Your Library – The Hyperbolic Crochet Wisteria Project

Your Library Needs You! Please join artist Barbara Streeter in this series of workshops as she teaches each community member how to crochet their own gorgeous piece of yarn wisteria. Soon, all of these community created pieces will be added, together, to the larger vine as public art in the new Richland Library Ballentine. No crochet experience required and all ages welcome. Come and create!
